TABLETOP PRODUCTION TABBER

HT30

Looking for a way to increase and improve your high volume production output? Hasler has the solution! Our exclusive HT30 heavy-duty tabletop production tabber, with high volume production cycles, is versatile and efficient, allowing you to place one, two or three tabs in a single pass – at speeds up to 35,000 pieces per hour. Hasler's HT30 is ideal for processing mass mailings such as brochures, newsletters, double postcards and more. Now, you can tab, stamp, label or apply repositionable notes for all your non-traditional pieces of mail quickly and cost effectively. That makes Hasler's HT30 the ultimate machine for mid to high volume tabbing and direct mail preparation in letter shops, mail houses, commercial printers and businesses processing large quantities of daily mail.

Features that save you time and money:

- Applies one, two or three items in a single pass – with throughput speeds up to 35,000 tabs per hour

- Tabs, labels or affixes stamps

- Programmable job settings

- In-line configuration capability with Hasler's high speed mid production address printers

Fast and highly versatile

for greater productivity!

HASLER

HT30

A VERSATILE, EFFICIENT, HEAVY-DUTY TABLETOP TABBER

Simple programming and system set up: Four programmable job settings with single key job selection.

Processes mail quickly: Throughput speeds up to 35,000 pieces per hour.

Reduces downtime and improves productivity: Accepts all roll sizes up to 19 ½" (40,000 tabs) with fewer roll changes and longer run times.

Side tabber design: Allows for the application of one, two or three tabs, stamps, labels, or repositionable notes in a single pass.

Accepts various types and sizes of media: From 3" x 5" to as large as 13" x 17", with 2" and 4" label heads to ensure proper tab and label application. A label shelf, which holds up to 5,000 fanfold labels, is included with the HT30 at no additional cost.

Multiple tabbing options: Applies paper, clear or translucent tabs – with or without perforation.

Easy to read large backlit display: Communicates job piece count, machine status and more.

Hasler Can Help You Build Your Total Mailing Solutions

Count on Hasler for complete, end-to-end, fully compatible solutions for all your production and mailroom needs. Utilize the HT30 with Hasler's high speed feeder, and add our conveyer for maximum output productivity. Or use in-line with Hasler's high speed mid production address printers to tab and address in one simple step.

WHATEVER YOUR NEEDS, HASLER HAS A SOLUTION TO MEET THEM AND THE CAPABILITY TO GROW WITH YOU AS THEY CHANGE.
